In Your Home...

Home & Community Habilitation, Companion and Respite can be provided in your home.

We provide care, supervision and support to you, or your family member, in your own home or apartment. We have been providing services for over 30 years and will match you with a compatible, trained direct care professional.

Hours will be scheduled according to your needs and in line with the budget you have received in your ISP.

In Our Homes...

We provide **Adult Residential** for one to four individuals. All homes have supervisory staff available at all times. Homes are staffed with trained, qualified direct care professionals. We provide behavioral and nursing supports as needed. We have homes in Mercer, Lawrence, and Venango counties so we can provide services to your family member close to your home.

dFs also contracts with families who provide **Host Homes** to one or two adults.

We have licensed Adult Residential homes and Lifesharing (host homes)

In the Community..

We provide **Pre-work Training** and **Community Participation Services** at our CHAPS program located in our Hermitage office. Program hours are 8:30 am to 4:00 pm Monday thru Friday. A wide variety of activities and work opportunities are provided in a small, relaxed setting, and out in the community.

We provide **Supported Employment Services** and **Transitional Work Services** for people who would like to have a job coach and help them find and keep employment.
